HISTORY/FACTS/ISSUES: The Sumter County Housing Department has an ACC (Annual Contributions Contract) with HUD			

The Sumter County Housing Department has an ACC (Annual Contributions Contract) with HUD (U.S. Department of Housing and Urban Development) to assist participants with monthly rental payments through the Section 8 Housing Choice Voucher Program. The Grant is designed to supplement rental payments for participants in any decent, safe, and affordable unit located within Sumter County. The assistance will continue as long as the participants meet the income guidelines, comply with the rules and regulations of the program and funding for the program continues.

There are three actions which generate contracts for approval and execution by the Board of County Commissioners: 1) New Contracts - Required when a participant begins assistance under the program, moves to a new unit with continual assistance or if the assisted unit is purchased by new owners. 2) Recertifications - The annual HUD requirement which updates all participants' income, assets, deductions, family composition, and HQS inspection. 3) Interims - Required when a participant's income or family composition changes. Also, all apartment complexes request rent increases annually. If approved by Rural Development, we must conduct an Interim to reflect the rent increase.
